City of Kansas City
Human Relations Department

Date: July 18, 2013

To: Construction Workforce Board

From: Phillip Yelder, Director

Subject: May 2013 Narrative for the Construction Workforce Reports

Construction Workforce Action Update:

The Construction Workforce ordinance applies to all construction contracts the City entered into after September 1, 2007 that will require more than 800 construction labor hours and with an estimated cost that exceeds $300,000. In addition, on December 15, 2009 the Statutory Agencies adopted the City's construction workforce reporting as embodied in Ordinance No. 070504.

The established Company Wide goals for minority and female workers are 10 percent and 2 percent respectively. The hours for the month of May 2013 are depicted in the titled May 2013 Detail Report. This report consists of the KCMO City projects followed by the Statutory Agencies' reports. Workforce hour totals for the month of May 2013 are as follows:

	Total	Minority	%	Female	%	KCMO	%
Companywide prime	367,953	54,285	14.75	12,832	3.49	34,642	9.41
Project Specific prime	34,877	5,645	16.19	936	2.69	2,365	6.78
Project Specific subcontractor	246,252	32,719	13.29	3,964	1.61	25,669	10.42

The on-line reporting system has in addition provided these statistics for the May 2013 Construction Workforce Report.

	Total Number	%
Total Number of Prime Contractors	44	
Total Number of Prime Contractors reporting in the month of May	42	96%
Total number of City projects active during the month of May	52	
Total number of projects reported on during the month of May	48	92%

Total number of subcontractor audits to be completed in May	600	
Total Number of subcontractor audits accepted in May	477	80%
Total Number of rejected reports still pending Sarai (putting numbers in incorrect location on form) and McTech (prj. numbers incorrect as compared to CW report)	2	

Statutory Agency Projects

There are a total of twelve statutory agency projects that meet the Workforce reporting requirements.

Following is a listing of the statutory agency projects that we are currently monitoring. A summary of those projects currently are included in the Statutory Agency Detail Report.

- TIF—Soccer Drive Phase 2 D2
- TIF –1st and 2nd KCI Sewers – Hunt Midwest
- TIF—McCrite Building Construction – Neighbors Construction
- TIF – Freightquote HQ – Opus Design
- PIEA—Commonwealth I & II – Silliman
- PIEA—1515 Walnut—Jay Tomlinson Developer
- PIEA—Cameron Place—Swope Builders
- PIEA – Vander Haag – Henningsen Construction
- PIEA—1102 Grand--Amerimar
- PIEA—NNSA-JE Dunn
- PIEA__1515 Walnut—Jay Tomlinson
- PIEA—River Market Apartments—Neighbors Construction

Outreach Activities/Site visits/Pre-bids

Individual site visit activity for the month of June

HRD staff attended the following meetings:

- TIF Committee meeting
- LCRA committee meeting
- RCC Meeting
- PIEA Meeting
- Labor/Management Meeting

First Source Report

The First Source data base has been verified and inactive applicants have been purged and the May report reflects current candidates from February 1, 2013 onward. The current applicant database is now at 131. Two contractors contacted the FHSP – Sunlife Systems, Midwest Inc, and Trinity Excavating. Fourteen applicants added their names to the FSHP lists. The FSHP's full report is attached.

Human Relations Department
Workforce Report

May 2013 Craft Total

Each month, contractors are required to submit at least two workforce reports: companywide prime and a project specific monthly workforce report. In addition, the subcontractor is required to submit its project specific hours. The contractor's companywide data for construction project combines their work across the Metropolitan Statistical Area. HRD compiles this data in a number of ways.

In this report, you will find three attached sheets. The sheets are a tabulation of every report submitted for the month of May. Going down the left hand column is a breakdown of scopes of work by both craft and skill level. The rows across the top break the workers down by gender and ethnicity. The very last column tabulates KCMO residents.

At the bottom of each page, you will find the total numbers for each of the genders and ethnicities. It is from here that we gather the data used in the Director's Narrative and repeated below for your convenience.

	Total	Minority	%	Female	%	KCMO	%
Companywide prime	367,953	54,285	14.75	12,832	3.49	34,642	9.41
Project Specific prime	34,877	5,645	16.19	936	2.69	2,365	6.78
Project Specific subcontractor	246,252	32,719	13.29	3,964	1.61	25,669	10.42

Human Relations Department
Workforce Report

May 2013

Cumulative Workforce Monthly Report

Report explanation:

In this report you will find the cumulative totals of all the contractor reports for companywide and project specific numbers. The top section is a tally of the corresponding entry for every previous month. It's usually a thirteen month running total. The lower sections show the most recent month or two months worth of data. The electronic version has every month's totals available on it but, due to paper considerations, only the document's first page is prepared in the printed version.

May's Report:

In the section titled May 2013, you will find the same numbers as were generated for the May Craft report. The top sections are those corresponding numbers from May 2012 through May 2013. In total there have been approximately 3.6 million companywide hours for the Prime Contractors and 4.0 million project specific hours for primes and subs reported over the previous year. For the month of May approximately 82.4% of the work was done by Caucasian males, 14.8% performed by minorities, and 3.5% by females. In conclusion, the overall contractor's performed 2.4% above their workforce goals for minorities and 1.5% above goal for females. KCMO resident hours consisted of 9.4% of hours reported.

Full Employment Council
FIRST SOURCE HIRING PROGRAM
May
2013 Status Report

The Full Employment Council will recruit individuals that have applied for KCMO First Source Hiring Program and other construction projects in conjunction with KCMO First Source Hiring Program. A monthly status report has been developed and will be submitted by the 15th of the month.

Recruitment Staff and Location for KCMO First Source Hiring Program:

Full Employment Council – 1740 Paseo • KCMO 64108 • 816 471-2330

Dan Rainey- drainey@feckc.org

Dee Burns - dburns@feckc.org

Andrea Robins, Manager – arobins@feckc.org

----------***Monthly Narrative***----------

In the last thirty days The Full Employment Council has continued its efforts in recruiting for the Kansas City Missouri First Source Program and its accessibility for accepting applications daily. FEC received communications from two Contractors during the month of May 2013. Sunlife Systems-Midwest Inc, and Trinity Excavating.

In the month of May, the Full Employment Council identified and received **14** applications from individuals seeking employment in the construction trades. The categories are as follows; Laborers (**8**), Mechanic (**1**), Office (**3**), Carpenter (**1**), and Sales (**1**). The total number of First Source Applicants is **131**.

All customers are able to utilize the Career Center for workshops such as: Basic Computer, Resume Preparation, Interview Process, and National Career Readiness. In addition customers are able to receive one on one career guidance assistance.

Human Relations Department
Workforce Report

May 2013

CONSTRUCTION WORKFORCE STATUTORY AGENCY DETAIL REPORT

Report explanation:

Statutory agencies are the quasi-governmental organizations that provide tax abatement or other assistance through the construction project. As of December 2009, HRD monitors the workforce component of projects originating from these agencies. HRD is currently monitoring projects from TIF, LCRA and PIEA and The Port Authority.

Each month, contractors and their subs are required to submit their project specific numbers and a companywide report. The majority of the developers are submitting their numbers through the B2GNow on-line system. Hunt Midwest now has only three projects that will be converted to the B2GNow monitoring system effective June 1, 2013. The reporting consist of companywide prime, project specific prime and project specific subcontractor. The contractors turn in a report on their companywide data for construction projects across the Metropolitan Statistical Area.

In this report you will find the detailed breakdown of workforce numbers generated by the contractors. Contractors are required to maintain a level of 10% minority and 2% female companywide hours throughout the lifetime of their projects. Because the workforce goals for contractors are for the lifetime of the project, a contractor's minority and female workforce may fall below the recommended goals, with the intent of meeting those goals prior to the contract expiration. HRD continually monitors the situation and if this becomes a consistent pattern, contractors will be asked to clarify what steps they are taking to either meet the workforce goals or show good faith efforts as to why those goals were unobtainable.

May analysis:

In May, there were seven individual developers conducting business under one of the statutory agencies. The newest PIEA project, River Market Apartments, under the general contractor Neighbors Construction is currently working on their budget to present to HRD. Two other recent projects have completed their bidding and will be meeting with HRD this week to review their bids.

The total contract dollar value of for the projects monitored is over $398 million dollars.

Human Relations Department

May 2013
Construction Workforce Companywide & Project specific detail reports

Report explanation:

Each month, contractors are required to submit two individual reports: a project specific report and a companywide report. The companywide report contains data for all worked performed on any construction projects across the Metropolitan Statistical Area. In addition, the subcontractor is required to submit its project specific hours. This information is then submitted to HRD, who compiles the data in a number of ways.

In this report you will find the detailed breakdown of workforce numbers generated by the contractors. Contractors are required to maintain a level of 10% minority and 2% female companywide hours throughout the lifetime of their projects. Every report listed is available in even further detail through our online B2GNow system which is where the contractors submit each month's reports.

Because the workforce goals for contractors are for the lifetime of the project, a contractor's workforce hours may fall below the recommended goals, with the intent of meeting those goals prior to the contract expiration. HRD continually monitors the situation and if this becomes a consistent pattern, contractors will be asked to clarify what steps they are taking to either meet the workforce goals or show good faith efforts as to why those goals were unobtainable.

May analysis:

In May, there were 44 prime contractors required to report companywide and project specific workforce hours. All of them reported with the exception of Blue Hills Community Services and Hoy Excavating. Hoy is new to online reporting and this is the first time Blue Hills has not submitted timely reports. A call will be placed to both of them with increased monitoring over the coming months.

Of the current 44 prime contractors, 15 of them had no subcontractors working on their projects for the month of May. Ten prime contractors met their minority and female goal percentages and only one project, met the workforce goals for both prime and subcontractor. All remaining projects fell below the minimum workforce goals for subcontractors and primes.

The total contract dollar value of the projects monitored through the city is over $324 million.
