City of Kansas City
Human Relations Department

Date: May 17, 2013

To: Construction Workforce Board

From: Phillip Yelder, Director

Subject: March 2013 Narrative for the Construction Workforce Reports

Construction Workforce Action Update:

The Construction Workforce ordinance applies to all construction contracts the City entered into after September 1, 2007 that will require more than 800 construction labor hours and with an estimated cost that exceeds $324,000. In addition, on December 15, 2009 the Statutory Agencies adopted the City's construction workforce reporting as embodied in Ordinance No. 070504.

The established Company Wide goals for minority and female workers are 10 percent and 2 percent respectively. The hours for the month of March 2013 are depicted in the titled March 2013 Detail Report. This report consists of the KCMO City projects followed by the Statutory Agencies' reports. Workforce hour totals for the month of March 2013 are as follows:

	Total	Minority	%	Female	%	KCMO	%
Companywide prime	198,428	23,452	11.82	7,685	3.87	31,098	15.67
Companywide Subcontractor	390,831	45,301	11.59	7,750	1.98	38,770	9.92
Project Specific prime	33,410	3,529	10.56	565	1.69	3.337	9.99
Project Specific subcontractor	290,023	33,226	11.46	3,659	1.26	28,622	9.87

The on-line reporting system has in addition provided these statistics for the March 2013 Construction Workforce Report.

	Total Number	%
Total Number of Prime Contractors	39	
Total Number of Prime Contractors reporting in the month of March	37	96%
Total number of City projects active during the month of March	67	
Total number of projects reported on during the month of March	64	95%

SMR J-187 – Blue Nile.
Gregg Klice Community Center-NW Rodgers
Troost Bridge N Ped – R.A. Knapp
Holmes Road – Mega Industries
Blue Hills Community Center – Swope Developers

HRD staff attended the following meetings:

- TIF Committee meeting
- LCRA committee meeting
- RCC Meeting
- PIEA Board Meeting
- iBuild planning meeting
- RCC Meeting

In addition, staff attended the iBuild event on April 30, and the contract compliance event on May 9 to explain to contractors the workforce requirements.

First Source Report

There were 6 new applicants added to the database, bringing the total number of applicants to 581. There were no requests from current prime contractors for FSHP workers this month. The FSHP's full report is attached.

March 2013
Construction Workforce Companywide & Project specific detail reports

Report explanation:

Each month, contractors and their subs are required to submit two individual reports. A project specific report and a companywide report. The companywide report contains data for all worked performed on any construction projects across the Metropolitan Statistical Area. This information is then submitted to HRD, who compiles the data in a number of ways.

In this report you will find the detailed breakdown of workforce numbers generated by the contractors. Each page is double sided. The front page gives the project information as well as a tabulation of total hours, minority hours, female hours and KCMO resident hours. Contractors are required to maintain a level of 10% minority and 2% female companywide hours throughout the lifetime of their projects. The back of each page is the same report, but further broken down into specific ethnicities and genders. Every report listed is available in even further detail through our online B2GNow system which is where the contractors submit each month's reports.

Because the workforce goals for contractors are for the lifetime of the project, a contractor's workforce hours may fall below the recommended goals, with the intent of meeting those goals prior to the contract expiration. HRD continually monitors the situation and if this becomes a consistent pattern, contractors will be asked to clarify what steps they are taking to either meet the workforce goals or show good faith efforts as to why those goals were unobtainable.

March analysis:

In March, there were 39 prime contractors required to report companywide and project specific workforce hours. All of them reported with the exception of Ace Pipe Cleaning and McTech Corporation. Ace Pipe Cleaning is a new contractor and will be contacted to ensure compliance in the coming months. McTech's project has been placed on hold for the month of March. 27 prime contractors met the 10% minimum threshold for minority workers. 23 met the 2% minimum threshold for female workers. 33 prime's subcontractors met the 10% minimum threshold for minority workers. 31 prime's subcontractors met the 2% minimum threshold for female workers.

The total contract dollar value of the projects monitored through the city is over $267 million.

Workforce Report

March 2013

CONSTRUCTION WORKFORCE STATUTORY AGENCY DETAIL REPORT

Report explanation:

Statutory agencies are the quasi-governmental organizations that provide tax abatement or other assistance through the construction project. As of December 2009, HRD monitors the workforce component of projects originating from these agencies. HRD is currently monitoring projects from TIF, LCRA and PIEA and The Port Authority.

Each month, contractors and their subs are required to submit their project specific numbers and a companywide report. The majority of the developers are submitting their numbers through the B2GNow on-line system however, Hunt Midwest continues to submit their reports via email, as their project's started before the inception of the program and were not grandfathered in. Many of their projects are close to completion and Hunt Midwest has been notified that future projects will be monitored through the B2GNow system. The reporting consist of at least four workforce reports: companywide prime, companywide subcontractor, project specific prime and project specific subcontractor. The contractors turn in a report on their companywide data for construction projects across the Metropolitan Statistical Area. Their subcontractors do as well

In this report you will find the detailed breakdown of workforce numbers generated by the contractors. Contractors are required to maintain a level of 10% minority and 2% female companywide hours throughout the lifetime of their projects. Because the workforce goals for contractors are for the lifetime of the project, a contractor's minority and female workforce may fall below the recommended goals, with the intent of meeting those goals prior to the contract expiration. HRD continually monitors the situation and if this becomes a consistent pattern, contractors will be asked to clarify what steps they are taking to either meet the workforce goals or show good faith efforts as to why those goals were unobtainable.

March analysis:

In March, there were 10 individual developers conducting business under one of the statutory agencies. Two of them are still in the bidding stages. Those are 1515 Walnut, Jay Tomlinson and 1102 Grand – Amerimar . Six of them reported on the City's B2GNow online reporting system and one reports their numbers via email.

The total contract dollar value of for the projects monitored is over $398 million.

Workforce Report

March 2013

Cumulative Workforce Monthly Report

Report explanation:

In this report you will find the cumulative totals of all the contractor reports for companywide and project specific numbers. The top section is a tally of the corresponding entry for every previous month. It's usually a one year running total. The lower sections show the most recent month or two months worth of data. The electronic version has every month's totals available on it but, due to paper considerations, only the document's first page is prepared in the printed version. The full document is in the electronic version.

March's Report:

In the section titled March 2013, you will find the same numbers as were generated for the March Craft report. The top sections are those corresponding numbers from March 2012 through March 2013. In total there have been approximately 7.8 million companywide hours and 3.8 million project specific hours reported over the previous year. For the month of March approximately 84.6% of the work was done by Caucasian males, 12.7% performed by minorities, and 3.3 % by female. In conclusion, the overall contractor's performed 2.7% above their workforce goals for minorities and 1.3% above goals for females. KCMO resident hours consisted of 9.6% of hours reported.
